

"This book is a *MUST* if you are an individual who seeks true life experiences about connecting with those who have passed -- giving us insight and meaning into what happens when we die." - Caesar Augustus, Augustus Films

What happens when we die? Regardless of your belief system, receiving "proof" that the spirit lives on can be a life-altering experience. They're Not Gone provides detailed accounts of 13 people who, through Psychic Medium Ricky Wood, reconnected with a loved one they lost. With names, phrases, mannerisms, and much more, Ricky delivers irrefutable evidence that our spirits are still very much alive after our physical death.

Your Outlook on Life and Death May Never Be the Same.

A.P. Morris is an author who specializes in sharing her life experiences in hopes of helping others. After reconnecting with her deceased brother, through Psychic Medium Ricky Wood, she wanted to share her mesmerizing story and many others like it. A.P. Morris lives in Phoenixville, Pennsylvania with her family.
